

# NARASARAOPETA ENGINEERING COLLEGE

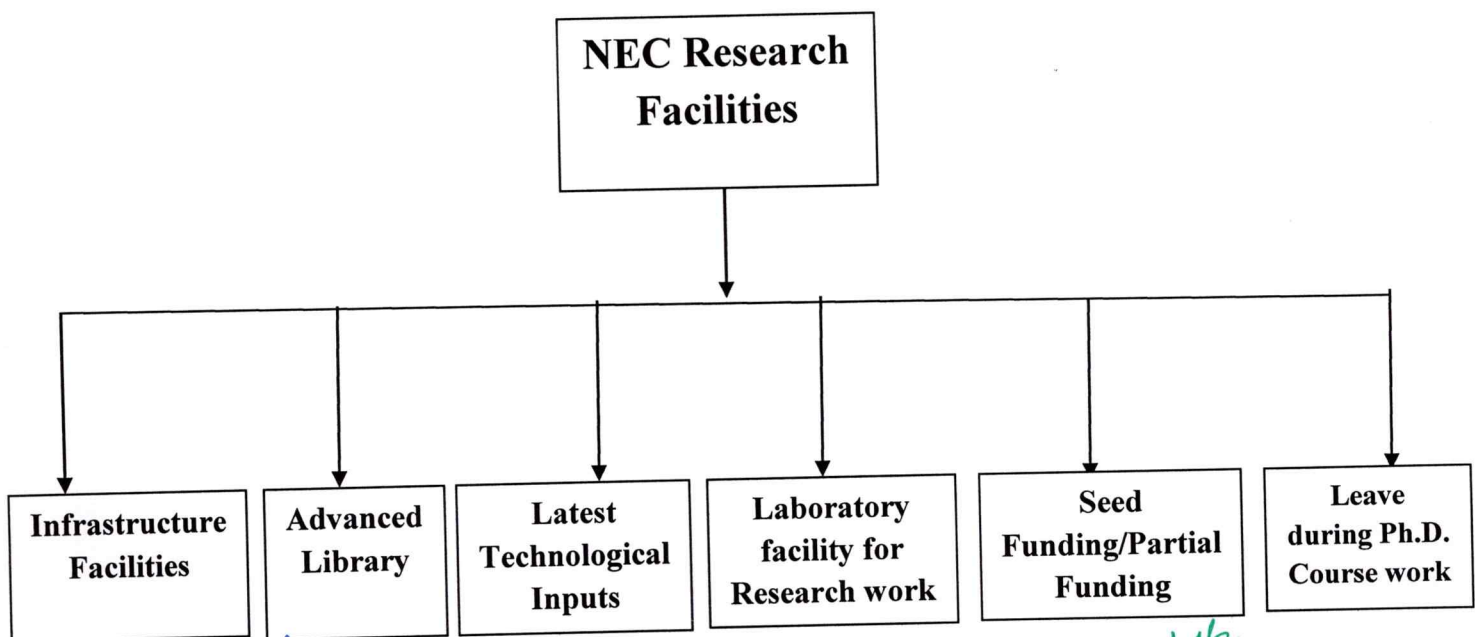

(AUTONOMOUS)

## 3.1.1 PROMOTION OF RESEARCH AND FACILITIES

The institute provides all the necessary infrastructural facilities and a conducive environment to promote research activity on the campus. Due to limited resources, the institute may not be able to fund all the research activities taken up by the faculty and students. Faculties are encouraged to apply for various funding agencies and pursue their research. However, the institute is ready to provide seed funding or partial funding based on the merit of proposals submitted by faculty or student. The faculty and students are encouraged to present their ideas and project proposals before the research committee for getting the sanction of seed funding in accordance with institute guidelines.

The faculty and students are given liberty to choose the research area of their choice and guidance is given to seek funding from various funding agencies and industries. The institute encourages the faculty by providing incentives for peer reviewed publications, writing books & filing patents. The institute takes care of patent filing process, which is governed by Research policy of the institute.

The institute gives a free hand to report research results and findings. However, a thorough review is done for all research proposals seeking funding from various funding agencies by consulting the research committee comprising the chairman R&D, Head of Institute, Doctorates, all Heads of Department and the subject expert(s) of the department. This committee also monitors the impact of research and consultancy and ensures non-violation of research & consultancy ethics, professional ethics, privacy of the people, human rights, causing problems to health & safety of human beings and damage of the property.
