

MEDICAL FACILITY

Narasaraopeta engineering College provides medical care facility for all students and staff free of cost at our Health care center situated at Block -3 (Clinic).

A doctor has been appointed as College Medical officer **Dr L. Kamamma M.B.B.S** is serving her duties at our NEC Health care center as a social responsibility since 2018 for 2 days a week. Also a Pharmacist is available in the health care center for First aid, nursing and issuing of medicines to all the students and faculty.

Health care center is well equipped with all required medicines, Thermometer, B.P Machine, Sugar test Kits, Weighing Machines and first aid kit along with a Bed. A senior medical officer along with other supporting staff – pharmacist is there to attend the students and staff.

Ambulance facility is also available at our Health care center. A MOU with an ambulance service (Jani Basha Ambulance service) was done in 2018. The ambulance

service will provide an ambulance with all emergency equipment in case of emergency within 15 mins. The ambulance will carry patients to the nearby hospitals with in 50 KM from the institution. They will provide services 24 X 7 with certified persons.

First aid Kits with all required medicines are also available at all the laboratories, Sports room and in all the departments for emergency.
