

Mentor Roles & Responsibilities

- Takes the initiative in the relationship, but allows the mentee to take responsibility for their growth, development, and career planning
- Commits to fostering the relationship for the specified period of time
- Commits to meeting with mentee on a regular basis (not less than one hour per week)
- Actively listens to mentee
- Provides frank, honest, and constructive feedback
- Provides encouragement and assists the mentee in identifying professional development activities
- Maintains confidentiality

- Follows through on commitments made to mentee
- Respects mentee's limits
- Explicitly states one's own limits
- Recognizes and works through conflicts in caring ways, invites discussion on differences with the mentee, and arranges for a third party to assist, if necessary
