Minutes of Meeting

BOS Meeting of the Faculty of Civil Engineering is convened on 01.03.2021 at 03:00 PM in HOD's cabin at 1303.

The minutes of the meeting are as following:

- The BOS external members are allowed for third and final year syllabus.
- BOS panel members suggested that to combine the Slope deflection (UNIT-III) and Moment distribution methods (UNIT-IV) in Structural Analysis II as a single unit and also add Matrix methods as a new unit (UNIT-V) for III-I syllabus.
- Panel instructed to change subject title Basics of Design of Reinforced Concrete structures to Design of Reinforced Concrete structures and also to include CODE books to be used for Design for Reinforced Concrete structures III-I syllabus.
- Panel instructed to mention the types of cement to first unit of Concrete Technology in the III-I syllabus.
- Panel suggested to include Initial and Final Setting time of Cement experiments to Concrete Technology lab for III-I syllabus.
- Panel instructed to include one of the Text book i.e., Solid and Hazardous waste management by M.N.Rao, Butterworth-Heinemann for the subject Solid and Hazardous waste management and also suggested to include few case studies for III-II syllabus.
- Panel suggested to change subject title of Design of Prestressed Concrete to Prestressed Concrete and to SWAP the unit 2 to unit 3 and vice versa.
- Panel instructed to add some more electives to IV Civil syllabus.

8. Dr. J.V. GURUMURTHY, Professor
9. Mr.M.R.Mohideen, Executive Engineer
10. K.Kalyan Chakravarthi, Alumni

The minutes of the meeting are as following:

- The BOS external members are allowed for first year syllabus alone.
 - BOS panel members suggested replacing the Python programming theory and Lab with C programming theory and Lab and also replacing the Elements of Electrical and Electronics Engineering with Elements of Mechanical and Electrical Engineering.
 - The panel instructed to reduce four mathematics papers to three as the students are missing core subjects.
 - If possible advised to include MEFA into curriculum.
 - Panel instructed to opt to Professional Core Course subject instead of Basic Science Course.
 - Final Year soft skill course, Major Project and Internship is compulsory as per APSCE and also suggested to include Universal Human Values course as per AICTE.
 - Stakeholders feedback is considered while framing the syllabus.
- Suggestions on syllabus of 1st and 2nd years:
- Advised to maintain Blooms taxonomy to all the subjects.
 - To revise the syllabus of Building materials and building construction keeping in view the similarities Elements of Building science.
 - Rename the Engineering surveying to surveying and Geomatics and revise the syllabus as per AICTE approved R19 syllabus.
 - To revise the syllabus of MOS, SA-1 and SA-2.

The minutes of the meeting are as following:

- The BOS external members have reviewed Second year syllabus.
- BOS panel members suggested to list the Course Outcomes as CO's for every subject and to maintain uniformity in mentioning CO's for all subjects.
- As per the instruction of panel the title of second unit is changed to Shear Force and Bending Moment diagrams in Strength of Materials.
- It is instructed to include Plane table surveying topic in Surveying and Geomatics.
- Admixtures and Production of concrete is added in Concrete Technology as per the suggestion of panel.
- Panel suggested to add Textbooks related to Open channel flow for Hydraulics & Hydraulic machinery subject.
- Panel instructed to swap the experiment of Bulk density and Specific gravity of fine aggregates and coarse aggregates and Workability of concrete by slump cone test in concrete technology lab.
- It is instructed to include the honors as per one particular specialization based on the availability of resource persons.

- The syllabus of Metrology and Instrumentation is suggested to have few concepts of Machine Drawing like Form tolerance, Assembly tolerance and tolerance estimation methods. Need of inspection, surface testing, surface finish, Laser instrumentation, selection of instruments may also be added.
- The subject material science and metallurgy is suggested to have topics like extraction of steel, iron and steel making furnaces (Basic Furnaces).
- The subjects offered to EEE i.e. 'Basic Mechanical and Civil Engineering' can be incorporated with Gas turbines, IC Engines and Power plant related concepts.
- Solid Modeling lab (Skill oriented course) to be renamed as Solid Modelling and CAE Lab (skill oriented course) with '3D printing and Robotics'. Evaluation for these courses may be followed as stipulated by APSCHE.
- Addition of 'Laser instrumentation' experiments in Metrology and instrumentation lab are suggested.
- Die penetrant test can be added in List of Experiments of Mechanics of Solids lab.
- Manufacturing technology course is suggested to have the following concepts. Electric furnaces, Sheet metal working, manufacturing of Plastic components like blow and injection moulding, Laser welding, electron beam welding, introduction to advanced welding technologies.
- Automobile Engine Design Honors Course syllabus can be lightened and bearing design concepts can be removed.
- Autotronics and Safety Honors Course may be added with Solar Vehicle concepts.
- Additive Manufacturing of Specialized minor can be revised with latest topics.
- The courses under General Minor may have subjects like Advanced Engineering Materials, Power Plant Engineering, Advanced Manufacturing Processes, Innovative product design and development, Industrial Engineering and 3D printing instead of proposed courses as per APSCHE. The syllabus should be designed as per the requirements of other engineering branch students.

With the above suggestions, all the members of BOS approved Course Structure and syllabus of R20 B.Tech Mechanical Engineering for the first two years i.e. upto II Year-II Semester. Board also approved honors, General minor and specialized minor course structure and syllabus upto II Year II Semester i.e. Pool/Track I.

Subjects offered by Dept. of Mechanical Eng. to other Departments also approved.

Chairman-BOS concluded meeting with vote of thanks to all the members.

- Fits and tolerance topics should be added in the course DMM-I
- Members suggested to rewrite the experiments names in MCM-I lab
- In course Power Plant Engineering, Gas based power plants should be mentioned and steam turbine topics to be included
- The title "Total Quality Manufacturing" should be named as "Total Quality Management", Advantages of TQM and Elements of TQM should be included in Unit-I
- The advantages and objectives of work study to be included in Open Elective Course-II "Work Study"
- In Open Elective-II- Lean Manufacturing the Kaizen topics to be included
- In Open Elective-II-Condition Monitoring, the topic types of Condition Monitoring, methods like Tribology, Thermography can be included
- In Open Elective -III-Nano Technology significance to be included in Unit-I
- In Open Elective-III-Basic Manufacturing Processes, Casting Defects, Heat Treatment processes to be included
- In Open Elective-IV-Pneumatic and Hydraulic Automation, in Unit-II Pneumatic actuators to be added, nomenclature of components to be included in Unit-IV & V
- In Open Elective-IV-HVAC, the topics "Air filtering and cleaning units", "Air handling units" to be added
- In Open Elective-IV- Industrial Robotics, the topics 'what is industrial robotics', definitions and advantages also to be included

ITEM No. 1

Discussion on B.Tech., (Electronics and Communication Engineering) R20 Course Structure.

After detailed discussions, the board expressed their suggestions and views regarding B.Tech., (Electronics and Communication Engineering) R20 Course Structure. The following suggestions/amendments/recommendations are given by the members of the board.

1. Electronic Workshop can be introduced in I B.Tech.
2. Change the subject title Control Systems in II B.Tech., I Semester to Linear Control Systems.
3. Communication Systems subject title in II B.Tech., II Semester to be modified as Analog & Digital Communications. Communication Systems Laboratory also to be modified as Analog & Digital Communications Laboratory.
4. Change the subject title Introduction to Data Science in III B.Tech., I Semester Open Elective-I.
5. Interchange Embedded systems and Robotics Lab of III B.Tech., I Semester with English Employability Skills of III B.Tech., II Semester.

6. Computer Science Engineering department can be requested to offer Computer Organization subject in their Open Elective.
7. In one of the open electives Basics of VLSI & Embedded Systems subject can be offered to other departments.
8. Practical Training will be provided by the college for those students who did not attend the Internship during II B.Tech. and III B.Tech. summer vacation.

ITEM No. 2

Discussion or. R19-Syllabus of I B.Tech. and II B.Tech. Electronics and Communication Engineering.

After detailed discussions, the board expressed their suggestions and views regarding I B.Tech. and II B.Tech. Electronics and Communication Engineering R20 Syllabus. The following suggestions/amendments/recommendations are given by the members of the board.

1. In II B.Tech., I Semester, add MOSFETs analysis part Electronic Devices and Circuits subject.
2. In III B.Tech., II Semester Microprocessors and Microcontrollers subject add one Unit on ARM Processors.
3. In II B.Tech., I Semester Signals and Systems subject Sampling in Unit-V title to be deleted. Correlation, Auto correlation, Relation between Cross & Auto correlation topics to be added in Unit-I.
4. In II B.Tech., I Semester Switching Theory and Logic Design Unit-I syllabus has to be elaborated. Add minimization of switching functions using K-Map up to 6 variables, Tabular (Quine-McCluskey) method with only 4 variables and with single function. Include realization of sequence generator, Design of clocked sequential circuit to detect the given sequence with and without overlapping. Fundamentals of Logic Design text book by Charles H. Roth Jr. can be added in the references.
5. In II B.Tech., I Semester Control Systems subject keep the book titled Modern Control Engineering by Katsuhiko Ogata as text book.
6. In II B.Tech., II Semester Communication Systems Lab experiments are splitted into Part-A and Part-B.
7. In II B.Tech., II Semester Electromagnetic Waves and Transmission Lines subject change Unit-I title as Review of Coordinate Systems & Static fields. Unit-III and Unit-IV can be clubbed into one Unit. Unit-V can be split into two Units as Transmission Lines-I and Transmission Lines-II.

8. In all the Laboratories include Experiments which are not there in the syllabus in Experiments beyond syllabus list.

ITEM No. 3

Discussion on R20-Syllabus for the subjects offered by ECE department to other departments.

After detailed discussions, the board expressed their suggestions and views regarding R20-Syllabus for the subjects offered by ECE department to other departments. The following suggestion/amendment/recommendation is given by the members of the board.

1. In II B.Tech., I Semester Electrical and Electronics Engineering branch, in Analog Electronics subject introduce concepts of Power Amplifiers and Oscillators.
2. In II B.Tech., I Semester Electrical and Electronics Engineering branch, add Analog to Digital Converter experiment in Analog Electronics Laboratory.
3. In II B.Tech., II Semester Electrical and Electronics Engineering branch, add Introduction to FPGAs in Unit-V of Digital Electronics subject.
4. In all the Laboratories include Experiments which are not there in the syllabus in Experiments beyond syllabus list.

ITEM No. 1:

Discussion on R19-Syllabus of III B.Tech and IV B.Tech Electronics and Communication Engineering.

After detailed discussions, the board expressed their suggestions and views regarding **III and IV B.Tech** in Electronics and Communication Engineering R19 Syllabus. The following suggestions/amendments/recommendations are given by the members of the board.

PRINCIPAL
NARASARAOPETA ENGINEERING COLLEGE
NARASARAOPETA
AP

1. In III B.Tech, I Semester, Computer Organization and Microprocessors subject add introduction to 8085 microprocessor in Unit-III.

2. In III B.Tech, I Semester, Computer Organization and Microprocessors subject add 8257 DMA controller in Unit-V.
3. In III B.Tech, I Semester Linear & Digital IC Applications Lab few Linear IC experiments can be conducted using simulation software.
4. In III B.Tech, I Semester Skill Lab can be renamed as Technical Skill Lab.
5. In IV B.Tech, I Semester Data Acquisition and Transmission subject any topics repeated in Electronic Measurements and Instrumentation of III B.Tech, II Semester can be removed.
6. In IV B.Tech, I Semester VLSI Design subject syllabus will be shared by one of the BOS member and can be updated accordingly.
7. In IV B.Tech, I Semester Image Processing subject the faculty can be instructed to conduct some hands-on sessions, otherwise few experiments related to the Image Processing can be included in Digital Signal Processing Lab syllabus.
8. In IV B.Tech, II Semester Analytical Instrumentation subject Unit-IV title can be changed as Spectrophotometers.

ITEM No. 2:

Discussion on R19-Syllabus for the subjects offered by ECE department to other departments.

After detailed discussions, the board expressed their suggestions and views regarding R19-Syllabus for the subjects offered by ECE department to other departments. The following suggestion/amendment/recommendation is given by the members of the board.

1. In III B.Tech., I Semester Electrical and Electronics Engineering branch, Signals and Systems subject title can be changed as Introduction to Signals and Systems.

ITEM No. 3:

Finalization of Courses offered to a student who readmitted into NEC(A) R19 regulations from NEC(A) R16 regulations.

After detailed discussions, the board has finalized the Courses offered to a student who readmitted into NEC(A) R19 regulations from NEC(A) R16 regulations.

General suggestions by the members

1. Experiments beyond syllabus can be included in all the Laboratories.

BOS MEETING HELD ON 21-10-2021 FOR R20 CSE(AI) CURRICULUM

R20 – CSE (AI) – 2nd BOS meeting is conducted on 21-10-2021 to finalize the II, III & IV year B. Tech. Course structure and syllabus.

Minutes of Meeting:

1. The committee advised to focus and cover more advanced respective subjects in all semesters.
2. The committee suggested that cover all new topics in the respective AI related subjects.
3. The title of the Data Science course which we proposed in II B. Tech.- II Sem is need to be changed to II B.Tech I semester .
4. As per the committee suggestion, we merge FLAT and Compiler Design subjects as a single subject to create space for other new subjects to introduce.
5. As per suggestion of committee, we introduce some new technologies like google go, gin framework etc. in the Skilling courses.
6. Suggested to incorporate at least one Artificial Intelligence (AI) related course in every semester.
