TEACHER'S FEEDBACK ON CURRICULUM

SUMMARY

Academic Year: 2021-22

The feedback is collected and analysed at college academic meetings in the institution. Majority of Teacher's (above 90%) had given positive feedback with respect to content and design of the curriculum. It is considered as a positive feedback and below that as a negative feedback and we are working for the improvement. Only seven of the twelve questions elicited our worries, while the other five received favourable feedback, prompting us to retain the same rigour in order to preserve the same outcome.
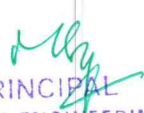

The analysis of the feedback was discussed with Principal. This institution is an autonomous institute and affiliated to Jawaharlal Nehru Technological University, Kakinada, there is a provision for slight amendment in syllabus. The suggestions on curriculum were communicated with teachers kept in Board of Studies and committees for their approval/modifications in next regulations.

Based on feedback requirement, institution plan

- ➢ To conduct national / international conferences funded by outsource funding agencies.
- ➢ To encourage the faculty members to attend conferences in abroad.
- ➢ To encourage the faculty members to publish papers, pursue Ph.D. and enroll for post-doctoral projects.
- ➢ To encourage the faculty members to enroll in online courses.

All the proposals and recommendations about curriculum are conveyed by IQAC to the Principal.
