## **(I) HOME**

The National Cadet Corps in India is a voluntary organization, which recruits students from high schools, colleges and universities all over India. These students are called Cadets after joining the organization. This is the biggest organization in India, where about 12 lakhs students are enrolled every year. They are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their course but are given preference over normal candidates during selections based on the achievements in the corps. National Cadet Corps in Narasaraopeta Engineering College was started in the year 2021. NCC activities in our college have evoked much enthusiasm among the students. At present, Army Wings in our college comprising of about 80 cadets are actively indulging in all NCC activities to make our college and the nation proud.

## **Mission and Vision**

The mission and vision of our NCC wing is to create awareness among the student community regarding its importance towards nation building. Besides, an NCC cadet is presented with a plethora of job opportunities in reputed government and public sector concerns. We intend to train students to participate in the Republic Day Camp (RDC), Thal Sainik Camps (TSC) and Youth Exchange Program (YEP). Narasaraopeta Engineering College (NEC) NCC wing contributes to the overall personality development of a person and mentally equips them to face the various challenges they may encounter in life.

### **NCC History**

The NCC in India was formed with the National Cadet Corps Act of 1948. It was raised on 15 July 1948. The National Cadet Corps can be considered as a successor of the University Officers Training Corps (UOTC) which was established by the British in 1942. During World War II, the UOTC never came up to the expectations set by the British. This led to the idea that some better schemes should be formed, which could train more young men in a better way, even during peace times.

A committee headed by Pandit H.N. Kunzru recommended a cadet organization to be established in schools and colleges at a national level. The National Cadet Corps Act was accepted by the Governor General and on 15 July 1948 the National Cadet Corps came into existence.

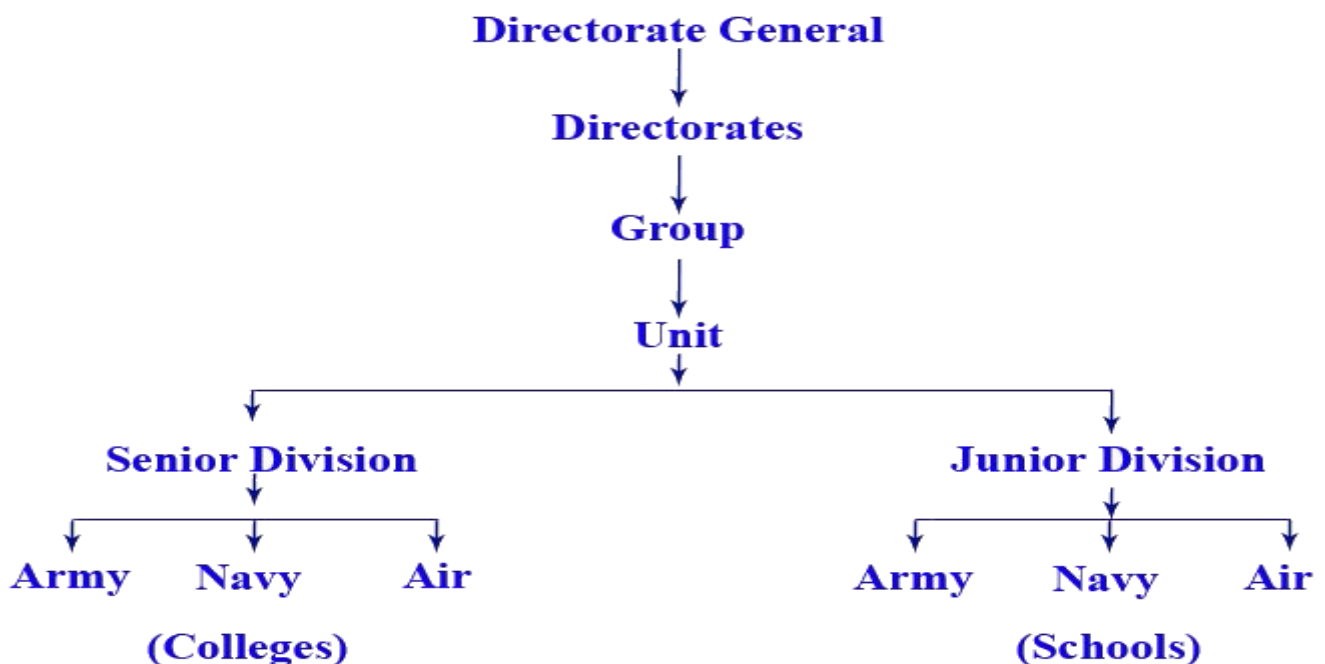

During the 1965 and 1971 wars with Pakistan, NCC cadets were the second line of defence. They organised camps to assist the ordinance factories, supplying arms and ammunition to the front, and also were used as patrol parties to capture the enemy paratroopers. The NCC cadets

also worked hand in hand with the Civil Defence authorities and actively took part in rescue work and traffic control. After the 1965 and 1971 Indo-Pak wars the NCC syllabus was revised. Rather than just being the second line of defence, NCC syllabus laid a greater stress on developing qualities of leadership and Officer-like qualities. The military training which the NCC cadets received was reduced and greater importance was given to other areas like social service and youth-management.

## NCC Flag

The NCC flag for various units of the NCC was first introduced in 1951. The first flag was of the same pattern, colour and size as used by various regiments of the Army. The only difference was that it had the NCC badge and unit designation placed in the centre. Later on it was felt that the flag should be designed in keeping the inter-service character of the Corps. In 1954 the existing Tri-colour flag was introduced. The three colours in the flag depict the three services of the Corps, red for the Army, deep blue for the Navy and light blue for the Air Force. The letters NCC and the NCC crest in gold in the middle of the flag encircled by a wreath of lotus, give the flag a colourful look and a distinct identity.

#### 77<sup>th</sup> Independence Day Celebrations – 2023

India will be celebrating its 77th Independence Day on August 15. Every year, it is marked by hoisting the national flag and singing the national anthem. On this day, people organise cultural programs and seminars to pay tribute to the freedom fighters who sacrificed their lives for India's freedom. Schools, colleges and other educational institutions organise quiz competitions and essay writing competitions to mark the day. Let's take a look at the history behind Independence Day and the day's significance.

#### Independence Day History

The British Empire ruled India for 150 years through the East India Company, the trading company that was set up in Surat, Gujarat in 1619. Post their victory at the Battle of Plassey, the East India Company, in 1757, took control of the nation.

Freedom fighters like Mahatma Gandhi, Bhagat Singh, Sardar Vallabhbhai Patel, Jawaharlal Nehru, Subhas Chandra Bose, Chandra Shekhar Azad, and many others did their bid and fought for India's independence. In 1947, the Quit India Movement resulted in the British leaving the country.
