## ACTION TAKEN REPORT

### ON FEED BACK OF FACULTY'S ON CURRICULUM

#### SUMMARY

Academic Year: 2022-23

The feedback is collected and analysed at college academic meetings in the institution. Majority of Teacher's (above 90%) had given positive feedback with respect to content and design of the curriculum. It is considered as positive feedback and below that as negative feedback and we are working for the improvement. Only seven of the twelve questions elicited our worries, while the other five received favourable feedback, prompting us to retain the same rigour in order to preserve the same outcome.

The analysis of the feedback was discussed with Principal. This institution is an autonomous institute and affiliated to Jawaharlal Nehru Technological University, Kakinada, there is a provision for slight amendment in syllabus. The suggestions on curriculum were communicated with teachers kept in Board of Studies and committees for their approval/modifications in next regulations.

Based on feedback requirement, institution plan

- > Incentives are provided to the faculty on publishing Scopus indexed papers.
- > Incentives are provided to the faculty who are attended conferences, seminars, workshops and faculty development programs.
- > Reimbursement of NPTEL examination fee for the faculty who complete the certification.

All the proposals and recommendations about curriculum are conveyed by IQAC to the Principal.
