## ACTION TAKEN REPORT ALUMNI'S FEEDBACK ON CURRICULUM SUMMARY

Academic Year: 2024-25

This institute is an autonomous institution affiliated to JNTUK, Kakinada. The academic curriculum is designed by the Board of Studies at the institute level, under the guidance of university nominees. Before preparing the curriculum framework, the Board of Studies conducts several meetings to discuss the suggestions and remarks given by stakeholders such as students, teachers, alumni, and employers.

Feedback on curriculum design and development is collected from all stakeholders and is analysed during college academic meetings. Based on this feedback, the institute plans and implements necessary improvements in the curriculum.

1. Industry interaction and start-up-oriented sessions are planned to further enhance these competencies.
2. Faculty members are encouraged to adopt application-oriented teaching methods and involve students in internships and industry collaborations.
3. Students are also encouraged to participate in technical workshops, hackathons, and training programs.
4. The institution has continued to promote self-learning through MOOCs, online courses, mini-projects, and research-based assignments.
